

# Membership that Practically Pays for Itself (and then some)

*ADR Institute of Ontario Inc. (ADRIO) – The leading go-to hub for all matters related to conflict resolution within the province and across the nation.*

“My ADRIO membership provides a connection to other mediators and ADR professionals located in Ontario. The education opportunities provide a wealth of learning opportunities that inform my work with clients. The benefits I gain from being an ADRIO member exceed my annual costs of membership and allows me to find answers to emerging questions.”

Member since 1999

“I cannot think of a single organization that has had more of an impact upon my career than ADRIO. I have always been impressed with ADRIO’s ability to advance the interests of our membership in meaningful ways. ADRIO has helped newer practitioners to succeed by offering practice advice, matching them with more long term practitioners and in some cases even generating work.”

**Blaine Donais**

Member since 2002

“Being an ADRIO member allowed me to gain practical skills and knowledge before I actually started mediating disputes. ADRIO embraces new members and encourages the development of those who want to be accredited mediators. As a member of such a strong and vibrant community of practice, I continue to learn more about my discipline and exchange ideas with new and seasoned mediators.”
